## INNOVATION ADOPTION LIFECYCLE

Seth Godin based on Rogers' Adoption/Innovation Curve

DECEPTIVE

DISRUPTIVE

DEMONETIZING

DEMATERIALIZING

DEMOCRATIZING

the world's largest taxi service without owning any car

the world's long distance telephone leader, without a network

the world's largest content provider without own content

the world's largest movie player without owning any cinemas

Germany's leading long-distance bus, without owning any busses

What's their strategic framework?

start up = growth

Grow or...

Interest over time. Web Sea

— growth hacking

## Average Retention Curve for Android Apps

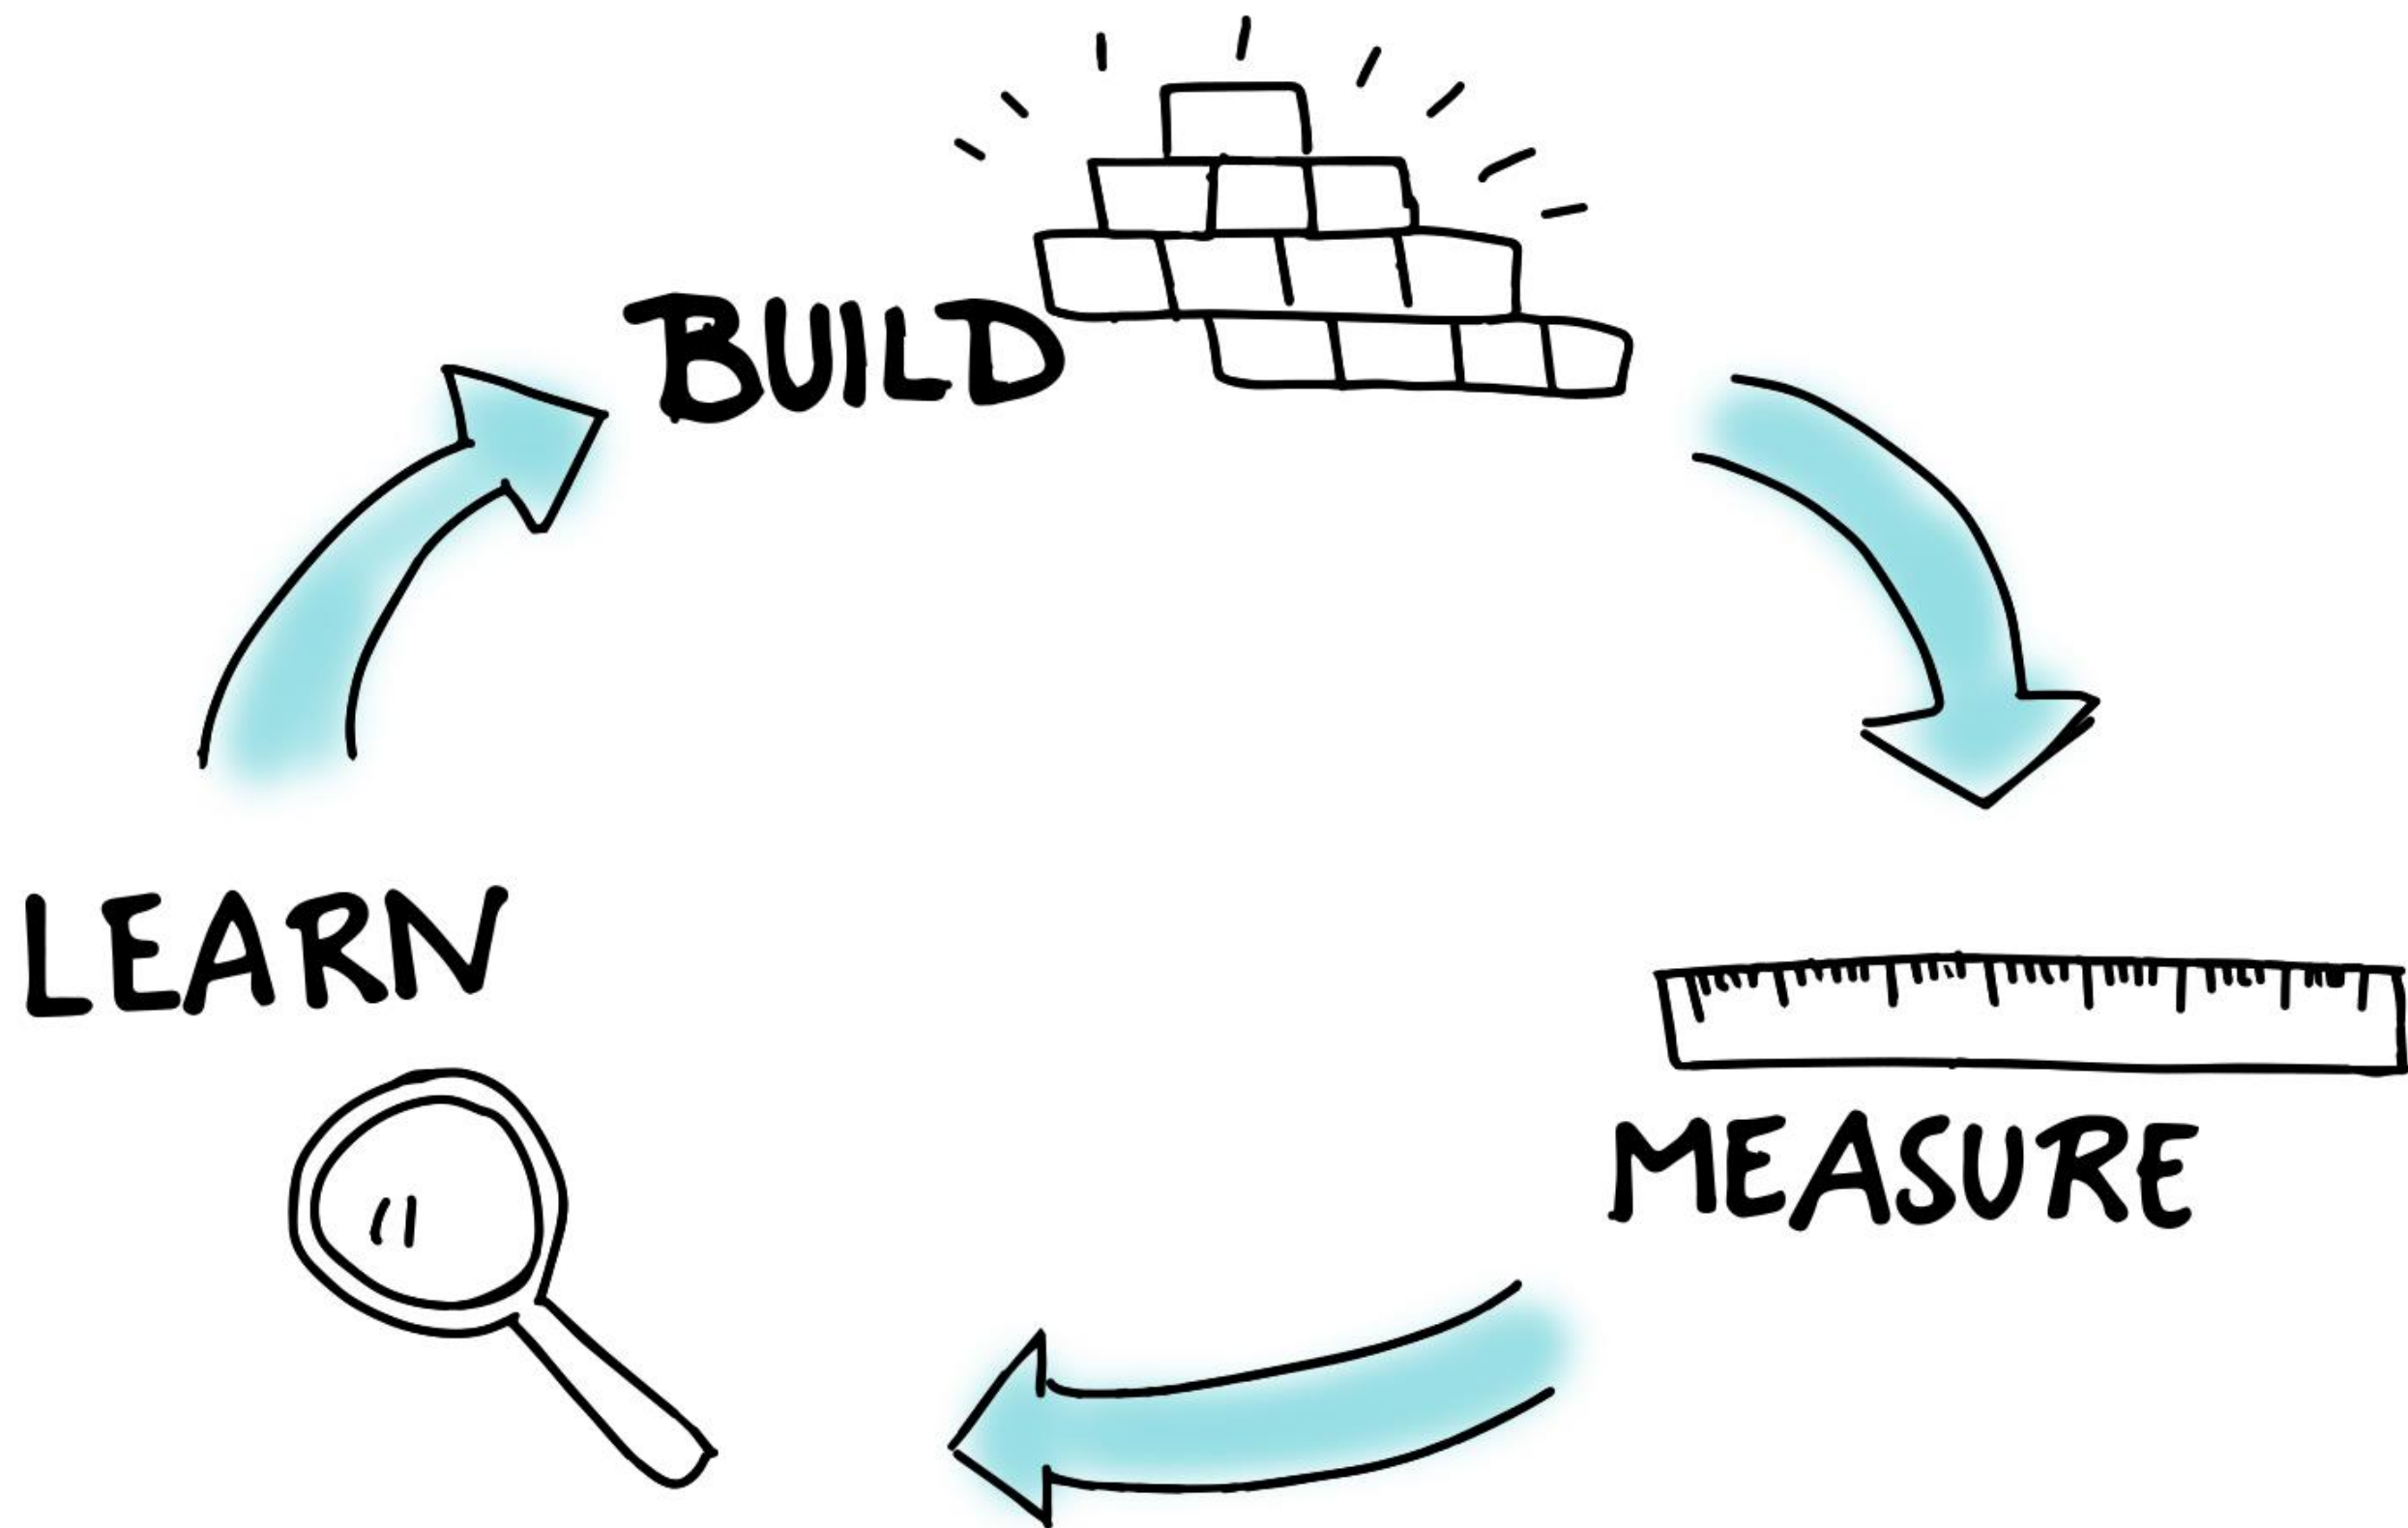

# THE LEAN STARTUP

How Constant **Innovation**  
Creates Radically  
**Successful** Businesses

# ERIC RIES

'Mandatory reading for entrepreneurs' **Dan Heath**

# Leap of faith assumption

**The two most important assumptions, the riskiest elements on which everything depends**

## VALUE

Socially conscious millennials will accept a novel way of mobile ads in return for collecting money for a social cause.

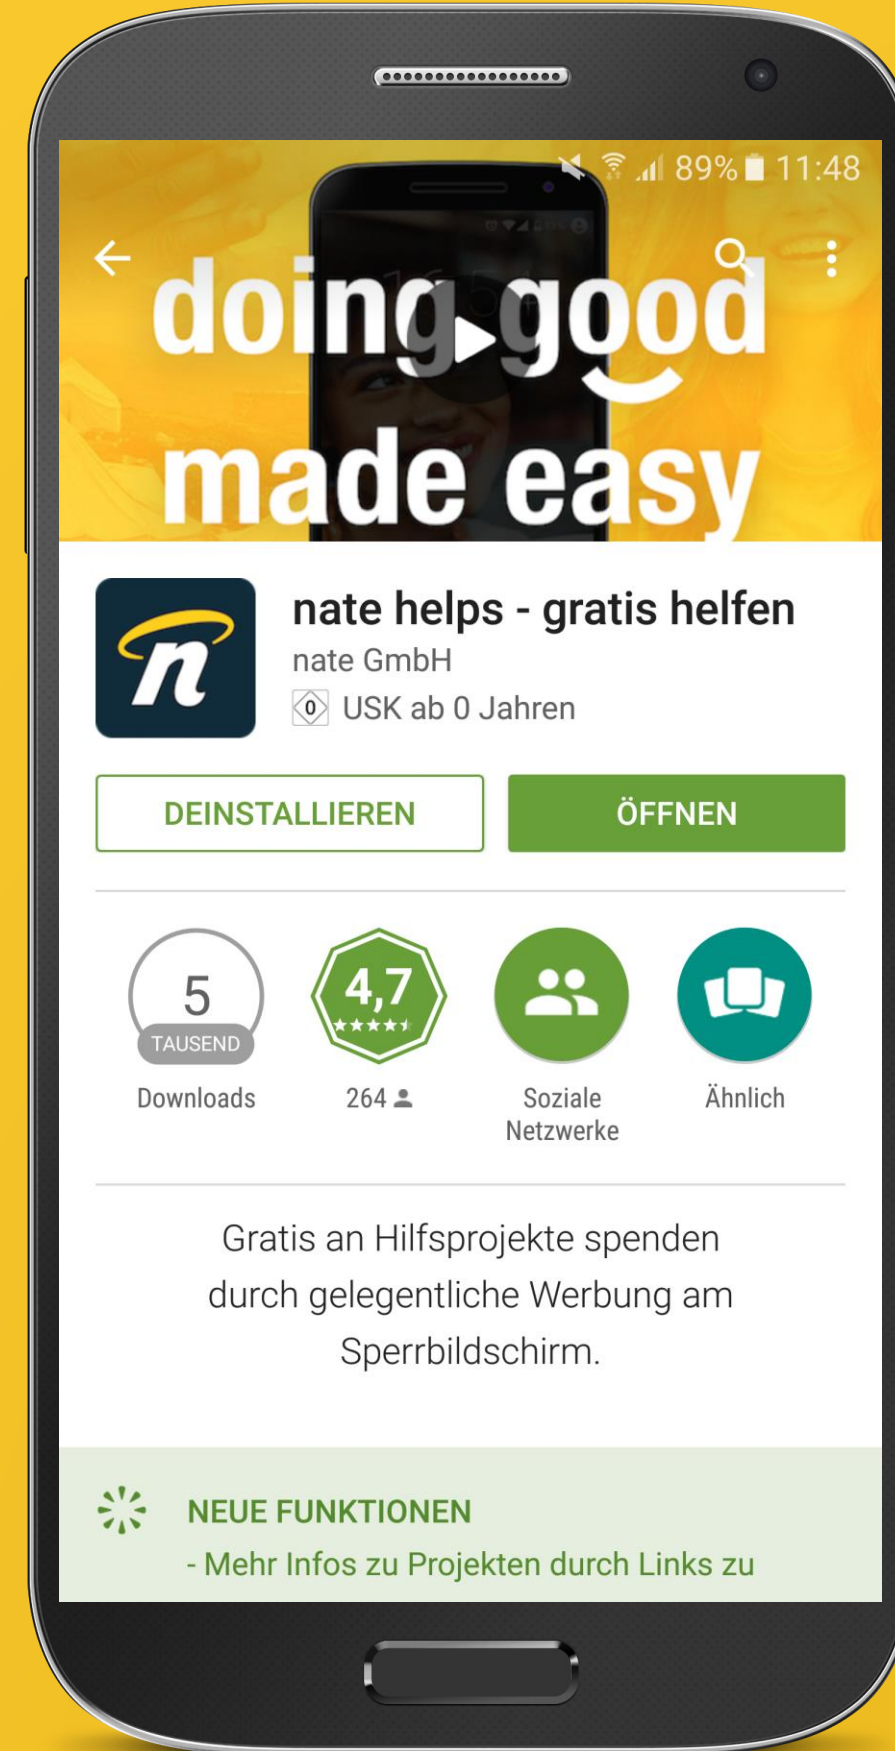

## GROWTH

*nate* users will invite friends and fellow club members to support “their” project.

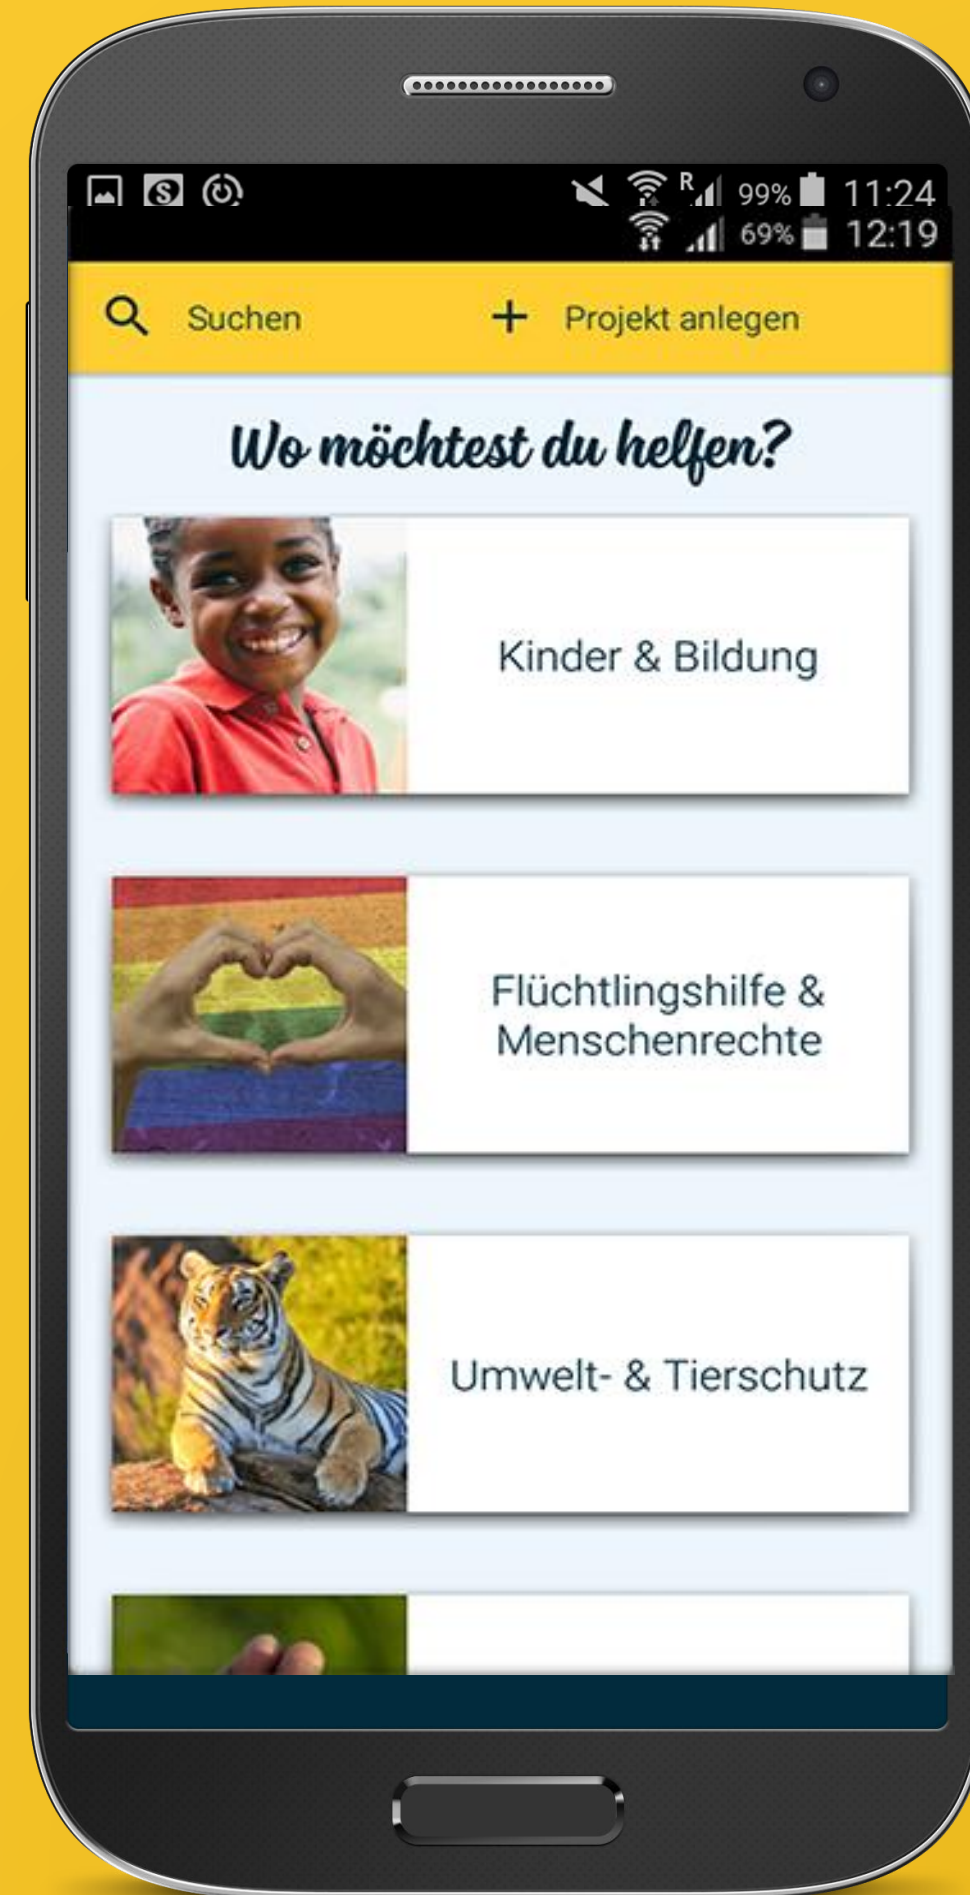

①

*Download the app*

②

Choose YOUR project to support

③

SEE ADS

④

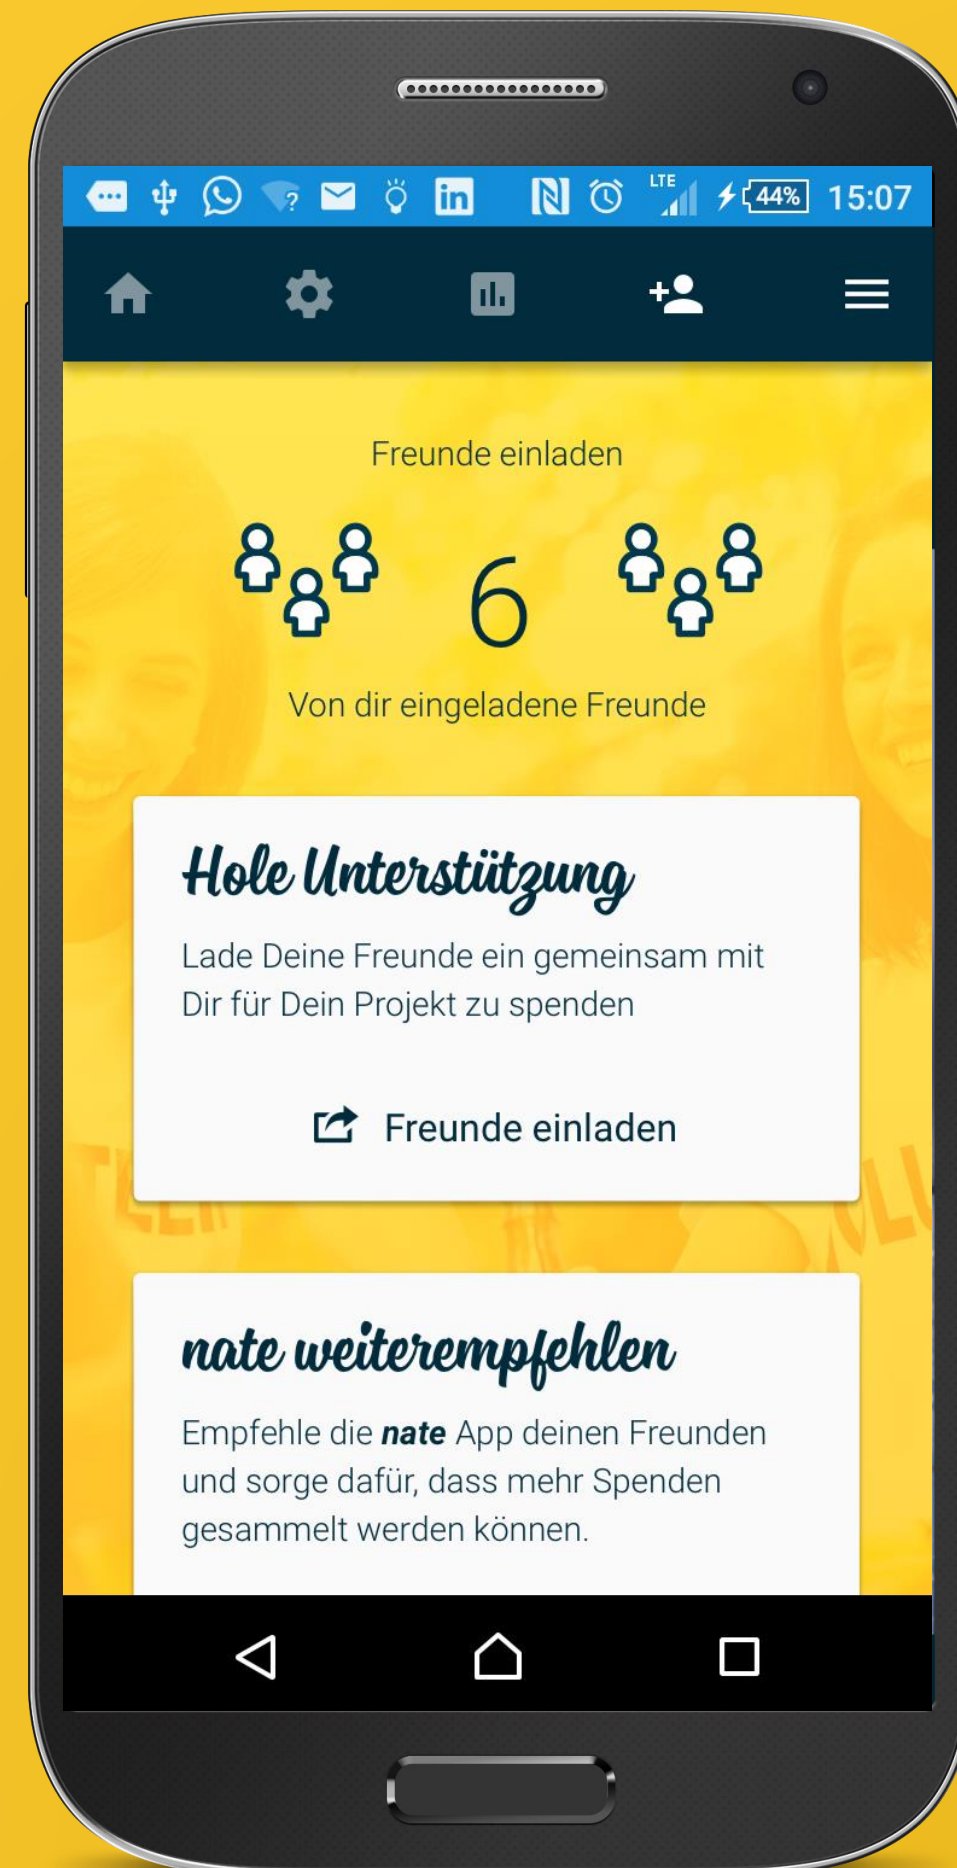

**AND TURN THEM INTO DONATIONS**

# LEARN – fast!

Establish a baseline

# iterate

Validated – Non Validated – Inconclusive

1. **Build and iterate** will help you differentiate.
2. **Value** is key, but not enough.
3. **Growth** and scale prevail.
4. **Retention** is the single most important thing for growth.
5. What's your **magic moment**?

A background image of a man with glasses reading a book in a library filled with tall bookshelves.
